Item	Qty	Description
F209	1 lt	Olympic Model No. 4-TIER, GREEN EPOXY The following Shelving to consist of:
	4 ea	Model: J2136K The open wire design of these carbon-steel shelves minimizes dust accumulation and allows a free circulation of air, greater visibility of stored items and greater light penetration. Olympic wire shelving can change as quickly as your needs change. Shelf wires run front to back, allowing you to slide items on and off shelves smoothly. Shelves can be adjusted at 1" (25mm) intervals along the entire length of the post. Green-Guard Epoxy finish with chromate substrate. Olympic Green-Guard Epoxy coated shelves and posts carry a 10-year limited warranty against rust and corrosion. NSF
	4 ea	Model: J74UK Posts have circular grooves at 1" (25mm) intervals. A tapered split sleeve snaps together around each post. Tapered openings in the shelf corners slide over the tapered split sleeves providing a positive lock. Shelf is assembled in minutes without the use of any special tools. Shelves can be adjusted at 1" (25mm) intervals along the entire length of the post. Bolt levelers compensate for surface irregularities on stationary posts. Posts also available for mobile application. Green-Guard Epoxy finish with chromate substrate. Olympic Green-Guard Epoxy coated shelves and posts carry a 10-year limited warranty against rust and corrosion. NSF
	4 ea	Model: J5B Stem/Swivel-Brake Caster, 5" dia., 1-1/4" face, resilient rubber tread, 200 lb. load capacity (priced per each), NSF

	1 ea	Model: RECEIVING AND INSTALL RESPONSIBILITIES YOU are responsible for receiving, unloading, and installing the equipment. This includes hiring and scheduling the necessary equipment and staff for offloading upon delivery. Heavy-duty equipment is typically required due to the weight and size of the ovens. Special rigging services and equipment may be needed for installation. For the required equipment for unloading the truck GO TO: https://woodstone-corp.com/unloading-moving/ or call the factory. WE typically have the Truckers call the Site Contact 24-48 hours before delivery so that the site can arrange for any special equipment to be on site when the oven(s) arrive. ALL INSTALLATION Including receiving, warehousing, consolidation, delivery, assembly, set in place, leveling, final connections, decorative facades, and testing is BY OTHERS.
	1 ea	Model: SHIPPING FOB Bellingham, Washington 98226. Wood Stone transfers ownership of the goods to the buyer once freight has been loaded on the truck in Bellingham.

Regarding Freight Estimates: We strive to get you the best value and

Item	Qty	Description
		pricing on freight from our preferred carriers with experience with our specialized equipment. Estimates are not binding as final dimensions and weights will affect the final shipping cost, as well as any special handling, expediting or delivery address changes. Prices may change due to carrier availability and other factors at the time of shipment. For this reason, do not list freight amounts on your Purchase Order.
1 ea		Model: TECHNICAL START-UP FOR OVENS Technical Start Up by Wood Stone Authorized Service Agent for OVENS Included. This includes basic inspection of completed mechanical hook-ups to the oven, verification of incoming gas pressure to the oven, verification of burner pressures and proper function of oven components, verification that ventilation is functioning, and a check of basic oven function.
		This technical startup does not include initial oven heat-up (which should be performed by customer after the technical start-up), in depth ventilation troubleshooting, certification of duct materials or compliance to ventilation codes, ventilation air balancing, or operational training. This covers labor for work on the oven only; any corrections to external piping, electrical, ventilation is by others. Corrections for improper modifications to the oven are not covered under this start-up. Return trips to verify installation corrections, or due to installation or customer not being ready are not covered. No liability for oven issues or damages, including as a result of improper oven installation or ventilation, is assumed by Wood Stone as a result of this technical start-up. Wood Stone Start-up does not include travel over 50 miles or two hours, overtime, and holiday charges which shall be at the expense of the purchaser.
1 ea		Model: WARRANTY One year parts and labor. See the Installation Manuals for more details. All Installation Manuals are available on our website: www.woodstone-corp.com , under Resources / Tool Kit.
